**A Magic Quadrant Leader**  
Gartner names Juniper furthest in Vision and Highest in Execution, in the 2022 Gartner® Magic Quadrant™ for Enterprise Wired & Wireless LAN Infrastructure.  
[See the 2022 report](#)

## See why 4 of the Fortune 10 just switched to Juniper Mist AI.

When it comes to AI, so many companies overpromise and underdeliver. We get it: It's hard to know what's real and what's not.

While competitors were busy perfecting their press releases, Juniper was leading the way with the industry's first client-to-cloud AI Ops and AI-driven Virtual Network Assistant.

With our proven AI, your network becomes easier to operate. You can quickly configure and troubleshoot, minimizing errors and stopping problems before they start.

## Ride our momentum to a better career today.

Work for a Fortune World's Most Admired Company and discover a company that invests in your success.

## Look who's using Juniper solutions.

Gap Inc.

Gap Inc.

Dartmouth

Aston Martin

With the AI-driven Mist Platform, Gap Inc. experienced 85% fewer tech staff visits to 3,350 stores while delivering great online experiences.

No surprise, an Ivy League runs an AI-driven network. See how Juniper AI reduced IT support tickets by 90%.

This luxury brand accelerated its business with Juniper and saw a 70% reduction in network-related incidents.

## Take the next steps for an AI-driven enterprise.

### Find Solutions

Dig into solutions for wired and wireless access, data center, SD-WAN and SD-LAN, all protected with Juniper Connected Security.
